MAPLETON THOROUGHBRED FARM

Ohio-Bred Racing Partnership

OUR PHILOSOPHY

At Mapleton Thoroughbred Farm, our aim is to provide our clients with exceptional service for their Thoroughbred investments, but we also want to provide people opportunities to enjoy being involved in the Thoroughbred industry.

When you review our partnership program you will realize that risk management, along with long-term business relationships, benefiting all parties, are the underlying desired goals. We approach each partnership with the goal of achieving success, but not at the cost, in our opinion, of throwing sound business principles to the wind.

By spreading and assuming risk, we also bring our expertise, facilities and professional associates into our partnerships. The idea is to create ownership opportunities that would be difficult for an individual to duplicate, especially, at the costs incurred at our partnership levels.

RACING PARTNERSHIPS

Mapleton Thoroughbred Farm is offering the opportunity to experience the thrills and the world of Thoroughbred ownership. State-bred purses are at an all-time high, so there has never been a better time to own and race Thoroughbreds in Ohio. The number of Ohio-bred Thoroughbreds is down, meanwhile race-tracks have upgraded facilities and are offering Ohio-bred races nearly every day. Mapleton Stable is the only public racing stable in Ohio that can help you experience the thrill of owning an Ohio-bred Thoroughbred.

Starting in May of 2017 **Mapleton Stable 1** is offering fractional shares in its initial racing partnership. Mapleton Stable 1 consists of five Ohio-bred Thoroughbreds: four 2-year-olds and a 3-year-old filly. By joining our racing stable you will experience first-hand the excitement and thrill of seeing your horses race and win at Ohio tracks at a fraction of the cost of owning racehorses outright.

Become a part of Mapleton Stable

Dr. George R. Sikora

Owner and Managing Partner

Dr. Sikora's passion is to advance the improvement of Thoroughbred breeding and racing in Ohio. His background includes degrees in agriculture and veterinary medicine from the Ohio State University.

Through his background in veterinary medicine, animal science, agribusiness and business holdings, it has prepared him to bring organizational skills to elevate Mapleton Thoroughbred Farm in the Ohio Thoroughbred industry.

He is active on a daily basis on the farm. He feels it is important to have a "hands on" approach to running a Thoroughbred business. Whether being present at foaling, doing vet rounds, inspecting mares, foals, yearlings, breeding mares, in the pasture or office, he keeps that personal touch to the business.

Dr. John P. Bryk

DVM Owner and Partner

Dr. John Bryk is a graduate of The College of Wooster and earned his veterinary degree from The Ohio State University. He has had a lifelong career of animal care, starting with his family's 200-cow dairy farm. Dr. Bryk has practiced veterinary medicine for 22 years, focusing on large animal care with a primary interest in equine reproduction.

He and his partner are brokers with the Total Practice Solutions Group and also have developed Golden Link® Microbial Supplements, which specializes in developing mineral and vitamin formulations for specific problems in the bovine, equine, and companion animal industries.

Dr. Bryk is a member of the American Veterinary Medical Association, Ohio Veterinary Medical Association and the American Association of Equine Practitioners.

Gary Falter

Racing Stable Manager

Gary Falter, a Columbus, Ohio native, has owned and bred Thoroughbreds for 32 years. In 2009, Gary and his wife Cindy were awarded with a Sovereign Award as the breeder of the Champion Turf Mare in Canada, Points of Grace.

Gary previously served on the board of the Ohio Thoroughbred Breeders and Owners. In 2000 Gary was appointed vice president at The Jockey Club as the head of product development until 2012.

During that timeframe Gary was responsible for the development of products for horsemen, including the equine Portfolio service, the Horse Farm Health Book software for tablets and more recently the iPad Sale Catalog App. Since 2012, Gary has been leading OwnerView and the Thoroughbred Owner Conference a nationwide industry initiative to encourage Thoroughbred ownership.

Mapleton Thoroughbred Farm has a solid breeding and racing program that can give our runners special care and training with an on-farm training center for that extra something. We are located close to major metropolitan areas in the Midwest. Our program concentrates on the Ohio-accredited and Ohio-bred program to take advantage of the \$3.45 million in stakes money limited to only Ohio-bred horses. If you enjoy Thoroughbred racing, live in or near Ohio and are looking for a chance to get in on the lucrative Ohio Thoroughbred Racing you need to contact us.

This may be the start of some real enjoyment in your life!
